LOW COST
AUTO
LOANS

Now that the new cars are out, don't forget to shop for good buys in financing, too. A bank auto loan is low in cost, can be arranged to meet your individual needs, and is the most businesslike way to borrow. When you buy a new car, borrow wisely, borrow from your home-town bank.

Badminton Clinic Being Held at Albany 'Y' Gym

If you want that energetic and healthful feeling that goes with a happy life, then take advantage of the 'Free Badminton Clinic' to be held at the Albany YMCA gym for women every Thursday and Friday mornings starting May 12 and ending June 3.

Clinic instruction starts at 10:30 a.m. and is over by 11:45 a.m. This course will include the grip and flexible wrist; serving stroke; backhand and forehand strokes; backhand, overhead and shoulder high strokes; footwork; develop team-work and points in general to improve your play. Rules and scoring will be brought in from time to time throughout all four sessions.

The classes are held at this hour in the morning in order that mothers whose youngsters are in school may take advantage of this opportunity.

Rackets and birds will be supplied throughout the clinic course. Participants must wear tennis shoes and be clad in comfortable clothing suitable to free action. Enroll now by calling LAand. 5-4833.

A total of 481 negligent operators had their drivers licenses revoked in 1954 by the Department of Motor Vehicles.

Girl Scout Dance Festival Due Tomorrow

Girl Scouts and Brownies of Albany - Berkeley - Kensington are singing "Heigh-ho, come 'to the fair'" in anticipation of the annual Girl Scout folk dance festival and county fair to be held tomorrow, Saturday, May 14, at the Albany Athletic Field, off Spokane Ave., Albany, with activities scheduled to start at 11:30 a.m.

Carnival games and food booths offering a tempting array of goodies will be flanked by booths selling gift items, plants and white elephants. Headquarters for information, first aid, lost and found, etc., will be an umbrella-topped booth near the main gate.

Over 500 brightly garbed Girl Scouts and Brownies are expected to dance simultaneously in eight dance circles beginning at 1 o'clock, with the following dances listed on the program: Wooden shoes, Oklahoma Juke, Milwaukee Kolo, Cotton Lye Joe, Paddy Cake Polka, Clap Hands Kolo, Oxford Minuet, Korobushka, Susar's Goyotte, and Virginia reel.

Coordinator for the affair has been Mrs. Ivan A. Schwab, chairman of the program committee of the Albany - Berkeley - Kensington Girl Scout Council. Mrs. Henry T. Kreutz will direct the dancing and Mrs. Kenneth Ferguson will act as mistress of ceremonies.

Also assisting in preparations for the festival have been Mrs. Philip N. McCombs, chairman of carnival booths; Mrs. W. Hurt Dodson, member of the professional staff of the local scout council, and members of the program committee including the Mesdames Eugene Blank, Paul Emmert, E. E. Gualdini, Adrian Kragen, Ronald B. Reed, Robert Riddell and John Sardis.

Plan Archery Shoot In Charity Drive

Invitations were mailed today to 18 archery clubs in Northern California which make up the Northern California Field Archers Association, to participate in a "shoot" on May 15 for the benefit of the 1955 cerebral palsy campaign, it was announced today by Mel Duceabon, chairman of athletic events for the local CP Association.

"The So-Ea-La Archers are host for the event," said Duceabon, "and they hope to have many visitors participate."

"The 'shoot' will be held in Niles Canyon, with registration set for 8:30 a.m. to 10 a.m. There will be prizes, awards and refreshments."

Charles H. Reed Leaves Albany For Mt. Eden Post

Charles H. Reed, who has served as principal of Vista and MacGregor Schools in Albany for the past five years, will in July take over his recently accepted position as director of instruction for the Mt. Eden Schools. In this school district, reportedly the fastest growing one in Alameda County, he will, as assistant to the superintendent, share in the selection of teachers and administrators and have direct charge of the instructional program, including teacher orientation and training, testing and the development of courses of study.

Reed is well known to school, parent and church groups in both Albany and Berkeley. He served two terms as educational director of the Berkeley - Albany Council of PTA's and was a recipient in 1954 of an honorary life membership in the California Congress of Parents and Teachers. During the past year he organized a local program for training leaders to conduct a course on high school education, under PTA sponsorship, entitled "Teaching Today's Youth." Reed has done much work both in planning and conducting organized recreational programs for children.

Prior to his service as an elementary administrator, Reed, whose particular educational interests lie in the elementary field, taught in the Haven School in Piedmont. He is presently completing the research required for his doctorate degree in education at the University of California, at which institution he received his master's degree.

Civil Defense Warns Residents Of 'Alert' Change

Albany residents are cautioned by Gerald Browne, director of Albany Civil Defense, that any attack warning, in the future, "must be accepted as the real thing."

"Any test alerts will be highly publicized in advance," Browne said, "and at present there are no state-wide test alerts scheduled."

Browne also made an urgent appeal to citizens of Albany to stay off their telephones and concentrate on their radios whenever they hear the attack warning sirens. The resultant blocking and overloading of vital communication lines would result in the worst possible condition in an actual emergency.

The warning signals are: Alert-A steady blast of three to five minutes duration, which indicates that attack is probable with time to disperse. All dispersal plans go into effect on this signal without further instruction. Any dispersal will be voluntary as it affects individuals and families.

Take Cover-A wailing tone or a series of short blasts of three minutes duration will indicate attack is imminent and there is time only to take the best shelter available.

The "All Clear" signal has been eliminated and in the future all information bringing the public out of shelters etc., will be given by the "Conelrad" system (640 and 1240 on standard a.m. radio).

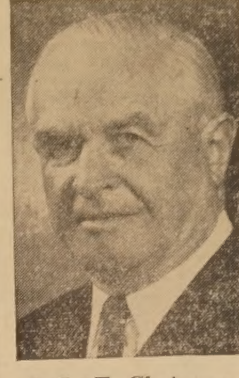

Women's Guild Plans Tea Sunday

The Women's Guild of a northminster Presbyterian Church, El Cerrito, are having a tea at the church, Sunday afternoon from 2 until 4 on May 15.

Small tea aprons for the ladies and small butchers aprons for the men with a poem asking for a penny for each inch of the recipients waist line to be placed in pocket of the apron and brought to the tea, are being sent to members and friends. The money received at this tea will be used to buy much needed Sunday School supplies.

Fireman Freddy Says:

During an alert it is unwise to call or use emergency telephones. Join your local Civil Defense and learn what to do if a major disaster strikes.

P.G.&E. Chairman James B. Black, President of Pacific Gas and Electric Company for the last 20 years, will become the chairman of the PG&E board of directors on June 1. In his new capacity Mr. Black will have an active supervisory role in company affairs.

New Utility Chief

NORMAN R. SUTHERLAND, who started his career with Pacific Gas and Electric Company as a lamp lighter at the age of 16, will become president of the utility firm on June 1. He has been the company's vice president and general manager since 1950.

Duties Increased

ROBERT H. GERDES, general counsel for Pacific Gas and Electric Company since 1945 and a vice president since 1953, will assume added responsibilities June 1 when he becomes executive vice president and general counsel.

Black Becomes Board Chairman

Elevation of James B. Black, president of Pacific Gas and Electric Company since 1935, to chairman of the board of directors effective June 1, and the appointments of Norman R. Sutherland as president and general manager and Robert H. Gerdes as executive vice president and general counsel were announced today following a meeting of the company's board of directors.

Mr. Sutherland now is vice president and general manager and Mr. Gerdes is vice president and general counsel.

As chairman of the board, Mr. Black will occupy a position that has not been filled since 1908, following the company's early period of organization. In his new capacity, he will have an active supervisory role in company affairs.

The Albany City Council unanimously approved the new traffic plan for the Solano - San Pablo Ave. intersection at its meeting Monday night, and authorized the City Attorney to prepare a resolution putting the changes into effect.

In effect the changes place all bus stops at the far side of the intersection and avoid the interference with automobile and truck traffic which formerly obtained.

One of the effects will be to permit motorists at all times to make a right hand turn, after stop, on the red signal without being tied up behind standing buses. Another will be to permit buses to travel down the center line of Solano Ave. from which to make a legal left turn to the south.

Council also authorized \$125 for a cement driveway on the north side of the Recreation Center on Masonic Ave., to permit loading and unloading of chairs and supplies, and to avoid the handicap of a limited parking area on Masonic.

Recommendation of the Planning and Zoning Commission that Lots 15 and 16 of Block 9-621 Talbot Ave.-be zoned from first to second residential, was referred to the city attorney for an opinion as to whether a proposed structure could be legally erected if the zoning were changed. Mrs. Zalm moved the proposal be denied, but her motion lost in the absence of a second.

Fire Chief Fred Pimental submitted a list of items he proposed to cut from his budget in order to pay a balance of some six hundred dollars still owing on a department truck. Councilman Blank of the finance committee remarked that he thought Pimental should be congratulated on saving this extra money, and transfer of the funds was approved.

There was a flare-up from Councilwoman Zalm when an expense account was presented from Grace L. Higgins, city treasurer and tax collector, covering her attendance at the 49th annual convention of the Finance Officers Association of the United States, held recently in New Orleans. Mrs. Zalm objected to the claim, which was in the amount of \$330.48, and voted "No" on a motion of approval by Councilman Blank, seconded by Councilman Donahue, which passed 3 to 1.

Education Aim of Epileptic Welfare Group During May

Seeking to lessen, and ultimately to eliminate, the stigma long associated with the word "epilepsy," the Bay Area Chapter of the California Society for the Welfare of Epileptics will conduct its first public educational campaign in this area during the month of May.

According to Mrs. Virginia Johnson, 1048 Liberty St., El Cerrito, president of the local organization, public attitudes-the attitudes of employers, teachers, fellow employees and neighbors, are the targets of the educational effort.

The Bay Area Chapter is one of many community groups participating in the state-wide educational effort of the California Society for the Welfare of Epileptics. The state organization was founded in 1948 in Los Angeles.

Film to be Shown At Christ Lutheran

Thursday night at 7:30 p.m., Christ Lutheran Church, Ashbury and Stockton Aves., El Cerrito, will observe the traditional Ascension of our Lord with a showing of the film, "Song of Sumatra." Depicting the growth of the largest Christian group ever to develop within an indigenous Moslem community, the Batak Lutheran Church of Sumatra, the film has won wide recognition as an example of the extending rulership of the King of Kings, whose divine dominion is remembered on this traditional Christian festival day. The showing is open to the public without charge.

No one should make a statement like "youth is the happiest time of life" without being prepared to accept its intellectual consequences.-William Lyon Phelps.

CHARTER OF THE UNITED NATIONS

WE THE PEOPLES OF THE UNITED NATIONS DETERMINED

to save succeeding generations from the scourge of war, which twice in our lifetime has brought untold sorrow to mankind, and to reaffirm faith in fundamental human rights, in the dignity and worth of the human person, in the equal rights of men and women and of nations large and small, and to establish conditions under which justice and respect for the obligations arising from treaties and other sources of international law can be maintained, and to promote social progress and better standards of life in larger freedom.

AND FOR THESE ENDS

to practice tolerance and live together in peace with one another as good neighbors, and to unite our strength to maintain international peace and security, and to ensure, by the acceptance of principles and the institution of methods, that armed forces shall not be used, save in the common interest, and to employ international machinery for the promotion of the economic and social advancement of all peoples.

HAVE RESOLVED TO COMBINE OUR EFFORTS TO ACCOMPLISH THESE AIMS.

Accordingly, our respective Governments, through representatives assembled in the city of San Francisco, who have exhibited their full powers found to be in good and due form, have agreed to the present Charter of the United Nations and do hereby establish an international organization to be known as the United Nations.

Ten years ago this coming June, "We the peoples of the United Nations" determined to save succeeding generations from the scourge of war, set forth in the United Nations Charter their hopes for a permanent world peace. This June, between the 20th and the 26th, representatives of the 60 Member States of the United Nations will gather in the city of San Francisco to rededicate the faith of their peoples in the Charter's principles.

Clara St., are building an \$8,250 home for Mr. and Mrs. L. Ginty, address 1052 Cornell.

Cerebral Palsy Drive Will Aid Many Children

Three lovely children afflicted with cerebral palsy, two girls and one boy, are serving as "theme children" for the 1955 cerebral palsy campaign, which opened Sunday, May 1 and will continue throughout the month of May.

These children are all students at the Charles Whitten School for the handicapped of cerebral palsy keep them from enjoying the benefits of education and recreation offered them by the facilities of the Oakland Board of Education and the services of the United Cerebral Palsy Association of Alameda County.

They don't walk to school—they ride in Yellow Cabs, as do all the other handicapped children who receive their education at Whitten. They can't play all the games that kids in some of the other Alameda County schools do, but they do enter into many sports that a few years ago would have seemed impossible for children afflicted with cerebral palsy.

The "theme children" are asking you to open your heart when you open your door in the county-wide Cerebral Palsy Parade. Your contributions will give them, and their many schoolmates, the therapies, recreation, transportation, medical assistance and other things that all American boys and girls are entitled to.

Ten Years Ago

This historic photograph showing former United States Secretary of State Edward Stettinius signing the Charter of the United Nations in the presence of former President Truman, was taken almost ten years ago—in San Francisco, on 26 June 1945. This coming June, the representatives of the original 51 U.N. Member States—plus nine countries which have since joined—will gather in the San Francisco Opera House, where the Charter was signed, to commemorate the first decade of the existence of the United Nations.

Bank of America Honors Founder In Special Rites

Brief ceremonies marking Founder's Day were held at the Solano Avenue branch of Bank of America in Albany, May 6, as officers and staff under the direction of Wm. McAuley, manager of the branch, observed the 85th birthday of A. P. Giannini, founder of the statewide banking organization.

Highlight of the observance was a message from President S. Clark Biese, specially recorded for the occasion, which paid tribute to Giannini and described the day as one of re-dedication by staff members to the principles and ideals of the founder of the bank.

Giannini was born in California, at San Jose, on May 6, 1870. The anniversary of his birth is observed in all Bank of America offices and branches throughout the world as an occasion on which to honor his memory.

BOATS.. then and now

THE WORD "YACHT" IS DERIVED FROM THE DUTCH "JACHT" WHICH MEANS "TO SAIL A BOAT FOR PLEASURE OR SPORT."

KING CHARLES II'S 25 TON "JAMIE"

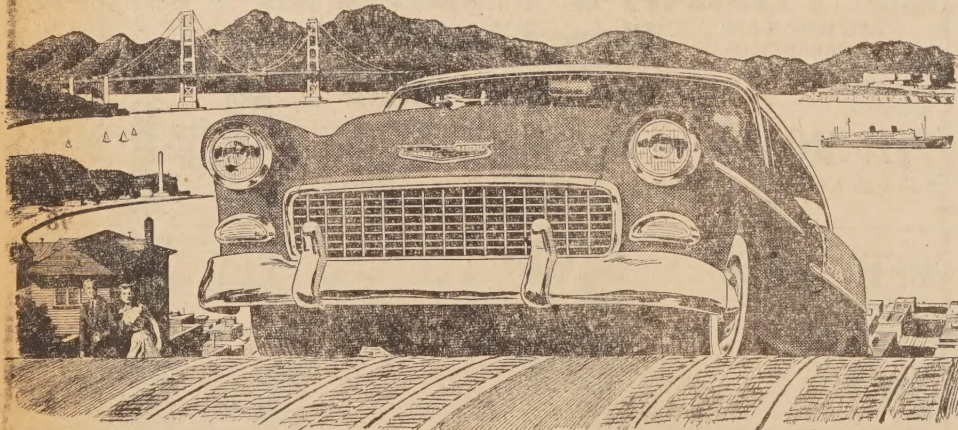

COMPETED IN FIRST YACHT MATCH IN 1662. RACED FROM GREENWICH TO GRAVESEND AGAINST DUTCH CRAFT FOR A PRIZE OF 100 POUNDS.

FORERUNNER OF THE MODERN STAR CLASS RACING BOAT WAS THE SHARPE WHICH FIRST APPEARED IN LONG ISLAND SOUND. IT WAS ORIGINALLY BUILT FOR OYSTERING.

Today's MOLDED PLASTIC TECHNIQUES HAVE REDUCED THE CONSTRUCTION TIME OF A PLEASURE CRAFT HULL FROM MONTHS OF PAINTSTACKING LABOR TO A SINGLE DAY.

"The NEW SLOOP" RUMOUR"

MADE OF LAMINAC PLASTIC AND GLASS FIBERS. PLACED HIGH UP IN THE 1954 ATLANTIC CLASS ASSOCIATION CHAMPIONSHIP. IT WAS THE FIRST PLASTIC BOAT EVER TO ENTER THIS COMPETITION - PLASTIC BOATS ARE EXCEPTIONALLY STRONG, WON'T CRACK, WARP, ROT OR RUST.

Punch-line to the year's hottest power story—

Chevrolet "Turbo-Fire V8"!

This is the engine that's writing a whole new chapter in the book of automobile performance records. This is the engine that has stock car timers doing a "double take" at their stopwatches wherever experts gather to compare the abilities of the 1955 cars.

For example, in the recent NASCAR stock car competition at Daytona Beach, Florida, Chevrolet literally ran away from every other car in its class—and a raft of others besides. In the one-mile straightaway run for low-priced cars, the first two places—and six of the first ten—went to Chev-

rolets. And in acceleration runs from a standing start against all comers, the Motoramic Chevrolet beat all other low-priced cars—and every high-priced car except one!

What's behind this blazing performance? A compact honey of a V8 that only the world's leading producer of valve-in-head engines can build. Chevrolet's new "Turbo-Fire V8".

It puts a new kind of fun in your driving life. You're in charge of 162 high-spirited horsepower—or if you're looking for even more excitement, the new "Super Turbo-Fire V8" (optional at

extra cost) puts 180 h.p. under your toe!

Pick the one you'd rather have fun with, then come in and get behind the wheel. You'll see why the Motoramic Chevrolet is showing its heels to everyone else on the road!

*National Association for Stock Car Auto Racing

Combine your new Chevrolet purchase with your vacation plans!

Order a new Chevrolet through us, then pick it up at the plant in Flint, Michigan, see Chevrolets built, if you like, and drive yours home. Chances are, you'll save a substantial share of your vacation travel costs!

New Milk Developed Producers Council

New milk drinks, called the "Chain-Cooking Pick-up," and the "Com-Special," have been developed by the East Bay Producers' Milk Council and will soon be introduced through newspaper carriers in Alameda and Contra Costa counties.

According to Joe Costa, chairman of the council's advertising committee, the new drinks were developed in the direction of a home use and are delicious, nourishing and of fresh milk and cream.

New drinks are easy to prepare and provide a wonderfully rich flavor that we are sure grown-ups and youngsters will like. The "Prune Pick-up" is made with a ratio of one cup of prune juice and one cup of fresh milk, and is mixed in it desired. "Com-Special" is prepared with one-half cup orange juice, one cup of fresh milk, and one cup of cream, sweetened to taste. The drinks are reported to give nutrients in a full sized breakfast.

any Corporal Participates in Maneuver

Donald L. Levertson, 22, of Santa Clara, lives at 1040 10th St., Albany, was among 20 officers participating in Exercise Jack May 1-10 at the firing center, Wash.

Exercise Jack is designed to test the efficiency of infantry and support units in mountainous and desert terrain. The simulated use of weapons is one of the components of the exercise.

Donald Levertson, son of Mr. and Mrs. Joseph J. Silva, 656 Flamingo St., Santa Clara, is a communications officer in Company K of the Infantry Division's 38th Regiment. He has been in the Army since August 1953.

A new trend in time-saving food preparation is "chain-cooking" that extends guest privileges to the hostess. The modern housewife needs only five minutes to prepare party fare from "planned overs," filed in transparent styrene plastic containers in the refrigerator. This housewife purposely cooks twice the amount needed for one meal.

Gourmet dishes can be served in minutes from planned overs stored in plastic containers that save refrigerator space and preserve the flavor, color and nutritive value of the food. In this refrigerator is filed partially cooked broccoli, chicken and white sauce.

Chicken Divan, for example, may be prepared this modern way: Line the bottom of a flame resistant casserole with 2½ inches of broccoli—purposely left underdone when cooked earlier in the week. Reheat, slowly, four cups of white sauce (this keeps a week to ten days) and add nutmeg. Sprinkle grated Parmesan cheese lightly over broccoli. Top with slices of chicken (cooked previous week). Pour the hot sauce over the chicken. Add more grated cheese. Broil under hot flame until it's browned, and slightly bubbly.

Add luscious desserts with whipped cream balls. To make the balls, dabs of whipped cream are put on a cookie sheet and frozen. They can be stored in a polyethylene plastic bag to use whenever needed.

Prepare sandwich fillings in advance. Mix and place them in styrene plastic containers with flexible plastic covers in the refrigerator. Make the fillings moist so they can spread easily. More seasoning is better than less as the filling is going between two slices of bread.

Store left over soup in pop-out ice trays of polyethylene plastic in the refrigerator. Want only one cup of soup for lunch? Just twist the tray and out pops the exact amount to fill the order.

There's no excuse for a quizzical "what is it" if iced coffee is iced with left over coffee stored in pop-out polyethylene ice trays. Tea may also be stored for this purpose.

Enlistment in Marines Now Open

MSgt. Philip W. Spencer, NCO in charge of the local Marine Corps Recruiting Station announced today that any male or female applicant wanting to enlist in the Marines after graduation, should make application now. Processing takes approximately ten days, after processing you may choose your own month for enlistment. As a Marine you will have over 400 skills to choose from with 140 different trade schools to teach you.

The sergeant stated that any young lady not yet 18 but will be shortly after graduation may also make application now, be processed and enlisted on her 18th birthday. The same holds true for male applicants not yet 17 years old.

Mothers Stage Benefit Whist

The Albany Mothers Club will hold its monthly benefit dessert whist party on May 17, at 12:30, in the YMCA rooms. Chairman of the day, Mrs. Elsie Thorpe, has extended an invitation to the public to attend.

Will Meet May 16

The School of the Madeleine Mothers' Club will hold a special business meeting on May 16 instead of its regular board meeting. This meeting is open to all the members of the mothers' club, and is being held for the purpose of closing all the business of the year. The various chairmen will submit the reports of their year's activities to Mrs. Joseph Burns, secretary. The past presidents' luncheon falls on June 1 this year, the club's regular monthly meeting date, and, in order to keep that date strictly social, it was necessary to call an open business meeting.

There will be dessert and coffee served at 12:30 p.m. preceding the meeting, which will begin at 1 p.m.

New officers of the Madeleine Mothers' Club will be installed for the 1955-56 year on May 24 at the College of Holy Name, with other officers of the Catholic Parent Teacher Group of the East Bay. They include: Mesdames Paul Burhans, president; Edward Mayes, vice-president; James McDermott, secretary; Hans Lineweaver, treasurer; Arthur Kraus, financial secretary and A. E. Hem, auditor. The advisory board will consist of Mesdames John Bernard, W. D. Hoerner, Wm. Logan, Gene Lord and Louis Rengal.

In the spring of the year, everyone's thoughts seem to turn automatically to the idea of losing a few pounds, and medical authorities agree that in the case of most everyone, that's a mighty good idea. They warn, however, that this doesn't mean fasting or faddy foods; rather, that it means reliance on those foods which fortify health and afford sound nutrition.

Nothing gets their nod as a sensible, necessary food faster than citrus fruits, and happy we may be that this is the time of year when Florida's big juicy oranges and grapefruit are at their very best, and so inexpensive!

Here, a tempting salad platter combines orange slices, grapefruit sections, thin cucumber slices, shrimp, and deviled eggs, with whatever greens you prefer. The eggs and fish provide plenty of protein, the cucumber crispness, and the fruit all the flavor you could want. Serve with a French dressing, and relax in the knowledge that you've eaten wisely and well.

Kleinhammer of the Albany-Berkeley Council of the Parents-Teachers Association were: President, Mrs. William Perry; 1st Vice-Pres., Mrs. Max Grosz; 2nd Vice-Pres., Mrs. George Ferreira; Recording Sec'y, Mrs. Grace Humphrey; Corresponding Sec'y, Mrs. Paul Marenco; Treasurer, Mrs. Frank Laessle; Financial Sec'y, Mrs. Thom Maloney; Auditor, Mrs. Virginia Moody; Historian, Mrs. Irving Johnson.

The flower and program arrangements for the evening were made by Mrs. William Diehl, program chair-

man. Mrs. George Vila was in charge of refreshments. Mrs. Tom Maloney, the retiring president, gave a report on the State Convention of Parents and Teachers which was held May 4-5-6 in Los Angeles. A social hour concluded the meeting.

Ancient Giant Figures Found In Riverside Co.

Shortly after World War I, an ex-army pilot by the name of Gen. Palmer was flying low over the desert near Blythe in Riverside County when he sighted some giant figures traced on the ground below him. These were, according to the National Automobile Club, the figures of two animals, one coiled serpent, and some interesting lines. Flying back to his field, Palmer reported his find to the authorities of the Los Angeles Museum.

By the time the authorities were ready to investigate, however, Palmer could no longer be located, and his findings had to be marked down as lost. But in 1932, Arthur Woodward, an ethnologist connected with the museum, became curious about these figures again and requested the commander of March Field to help him to locate them. The commander sent out a Lieutenant Kaye who rediscovered the figures and shortly after led the scientists to the site by automobile.

When they reached their destination they found that the figures had been formed by removing some of the thousands of pebbles that covered the mesa and exposing the bare ground. The outlines of the figures had been clear by arranging the pebbles in neat rows along the edge of the bared areas. The largest of the figures proved to be 167 feet long and the smallest 95 feet long. The torsos ran from about 17 to 25 feet and the limbs on the largest figure were 75 feet in length.

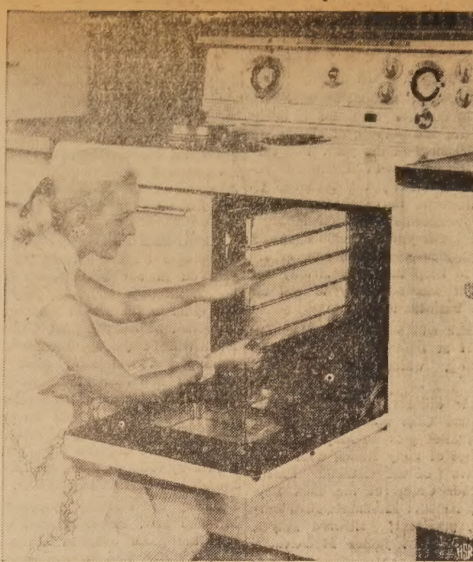

Who had made these figures, however, and when they had been made, remained a mystery. Poking around in the ground nearby, the scientists dug up some broken pottery that gave them a very slight clue to the type of people who had been the creators. The fact that the pebbles that had been moved had lain where they were long enough to have the "desert varnish" only on their upper surfaces indicated that the job had been done by no means in the recent past. But beyond that all was unknown.

And so they remain, somewhat destroyed by vandals but still discernible, impressive, and mysterious, just one more example of those markings that are left by a passing people on the abiding earth.

AUTO FORECAST

Forecasters predict that in 1965 there will be 81 million motor vehicles in the United States, according to the National Automobile Club.

Throw It Away

NOW THEY'VE INVENTED a new way to make range ovens easier to clean, with the help of aluminum foil oven linings that you can simply throw away. Kelvinator engineers have designed special racks to hold the aluminum foil which are fitted to the oven sides. Instead of bending and scraping to clean the oven, the homemaker merely removes the side racks, disposes of the used foil, and replaces it with fresh, pre-cut sheets.

Navy Has Large Quota This Month

Chief John A. Warren, recruiter in charge of the Oakland Navy Recruiting Station announced today the quota for the Oakland station is the second largest quota for any Navy recruiting station in northern California.

The Oakland station is to enlist 64 men during the month of May, the largest quota to be procured in the East Bay since the Korean War.

Chief Warren pointed out that the increase in quota speeds up the enlistment procedure. There will be no delay between application and actual enlistment, however, an applicant may set the date he wishes to enlist. The increase in quota enables more men to enlist for aviation duty, with high school graduates having a choice of trade schools to attend.

The Department of Motor Vehicles in 1954 revoked the licenses of 167 drivers for making fraudulent applications.

Fisher Craftsman's Guild Celebrates Silver Jubilee

All over America, thousands of boys are putting the finishing touches on model automobiles to enter in the 1955 Fisher Body Craftsman's Guild Silver Anniversary model car competition. The stakes are eight university scholarships worth \$20,000 and another \$70,000 in cash and U. S. Savings Bonds.

Twenty-five years ago, Fisher Body management and a group of the nation's leading educators met together and worked out the details of the youth program whose sole aim is the development of craftsmanship and creative ability among boys. Daniel Carter Beard, the great Boy Scout leader, was the first honorary president. Among the original sponsors from the field of education were: Nobel Prize winner, Dr. Robert A. Millikan, California Institute of Technology; Rev. Thomas A. Steiner, C.S.C., University of Notre Dame; Dr. Geo. J. Davis, Jr., University of Alabama; Dr. Marian L. Britain, Georgia School of Technology; Dr. Dexter S. Kimball, Cornell University, and many others.

Excepting the period of World War II, the Craftsman's Guild has held an annual competition every year since 1930.

In that time, the Guild has awarded 131 university scholarships valued at \$420,500 to national winners. More than \$650,000 in cash and other awards have been made to thousands of boys winning state and regional honors.

The 1955 competition ends at midnight, June 1. For several weeks thereafter the model cars will undergo intensive judging by General Motors styling experts, professional vocational arts instructors and members of the Guild's technical staff.

During the month of July, winners of state and regional competitions will be announced and on August 2, national winners who recipients of the university scholarships will be announced over a national television program.

Highway Patrol Traffic Arrests Show Increase

SACRAMENTO — Determined to curtail the death and injury tolls, the California Highway Patrol cited 183,586 traffic law violators between January 1 and March 31 of this year. This total is 48 per cent higher than the 124,043 citations issued for the first quarter of 1954. Reports indicate that fatalities in unincorporated areas of the state during the first quarter of 1955 are five fewer than for the first three months of 1954. At the same time it was pointed out that traffic volume has reached an all time high with an increase of 6.7 per cent over last year's record volume for the first quarter.

Speed citations increased 33.4 per cent from 45,440 during the first three months a year ago to 60,645 so far this year. Drunk driving arrests are also up, from 2234 to 2329, an increase of 4.2 per cent.

"Short of a sudden realization of responsibilities by all motorists, the most effective means of combatting our toll of traffic tragedies is vigorous enforcement," said Patrol Commissioner B. R. Caldwell on releasing the above information.

During the last year the Department of Motor Vehicles placed 13,120 drivers on probation for traffic violations.

Aren't you forgetting something?

LET'S SEE:

A baby bath to splash in, a bassinet to howl in, bottles to break, buggy to sleep in, clothing to grow out of, toys to ignore. It gets to be a long list. But a baby needs many, many things. And one of them—strangely enough—is money.

In fact, can you think of anyone who needs a little financial security more than a helpless baby does?

Money saved now will protect him against future emergencies, buy him fine medical care, help pay, some day, for a good college education.

And the best way to give a baby financial security is through U. S. Series E Savings Bonds. Because Savings Bonds are money in its safest form: money that's a little harder to spend than cash, money that can't be lost or destroyed, money that's constantly earning interest.

To the love and comfort you're giving your baby, why not start now to add the solid, reliable protection of Savings Bonds—one of the world's surest, finest investments. Sign for the easy automatic Payroll Savings Plan where you work. Or if self-employed, invest regularly in Bonds at your bank.

A special message to aunts, uncles, cousins, grandmothers, grandfathers, godmothers, godfathers, friends: buy that child helpful, welcome Savings Bonds—for birthdays, Christmases, graduations.

Book on Pioneer Life in America

"Unto a Good Land," the second of Wilhelm Moberg's planned trilogy on the conflicts of pioneer life in America, will be reviewed by Mrs. Louis Ward at the Berkeley Book Guild, Thursday, May 19, at 2 p.m. The bookshop, located at 2466 Telegraph Ave., in Berkeley, is open daily except Sunday from 10 a.m. to 5 p.m.

DON'T FOLLOW TOO CLOSELY

By far the main cause of rear end collisions is following the vehicle ahead too closely. This fault is one which many otherwise careful drivers are guilty of says the California State Automobile Association. The heavy traffic on freeways and congested city streets leads many motorists to hug the bumper of the car ahead. Don't do it! Allow plenty of room for quick stops and it will save you the cost and confusion of this common highway mishap.

DON'T USE DRYER

Unless you are absolutely sure of the temperature control of your dryer, it is better to let the new science fiber sweaters dry naturally.

CAR SHIPPING

Almost 90 per cent of American motor vehicles was delivered overland from factories and assembly plants in 1953, reports the California State Automobile Association. Only 8 per cent was shipped by boat and about 2 per cent by rail.

USED CARS

The average price paid for a used car in the United States last year was slightly over \$900, says the California State Automobile Association.

Exchange Club To Hear 49er Football Star

Joe Perry, star fullback of the San Francisco 49ers will be guest speaker at the Albany Exchange Club meeting next Tuesday evening, May 17. Dinner will start at 7:15, and the meeting will be held at Greco's Restaurant, 850 San Pablo Avenue.

Chairman of the evening will be Fred Klein. Al Liotta, president of the club says he wants to remind the members that this meeting is "Fathers and Sons' night, and that the sons are not only especially invited but other guests will be welcome.

On Saturday evening, May 21 the club members will hold a charity ball and festival at Fred Klein's dance studio on San Pablo Avenue. Tickets are available from Exchange Club members, and the public is invited to participate in the benefit affair.

Dinner to Honor Albany High Band

The Albany High School Band and their leader, Ernest Douglas, will be guests of honor at a dinner given for them by the Albany High School Dads' Club of the California Council of Dads' Clubs at the high school cafeteria on Wednesday, May 18, at 6:30 p.m.

This affair, the second annual dinner of this nature is given in recognition of the service and worth of this organization so vital to a school, but so often going unnoticed and unrecognized. The Dads' Club, at the instigation of its president, Irv Barclay, conceived the idea of honoring them for their loyal participation at games and other school events and also for their bringing recognition to the school in competition with other bands. This year, for instance, they received a rating of excellent in the annual band contest which was held at San Jose.

Red Cross Plans Recognition Tea

Invitations have been issued to a Recognition tea to be given by the Berkeley Chapter, American Red Cross on Thursday, May 19 at the chapter house, 2116 Alston Way. The occasion will honor all volunteers who have served the chapter and pins, designed to indicate 5, 10, 15 and 20 years of service will be awarded to those entitled to receive them.

Mrs. D. P. Downing, chairman of the recognition committee, states that this year, in accordance with the practice in a number of other Red Cross chapters, service pins will be awarded to workers in the March Fund Campaigns of the past year, as well as to volunteers engaged in the regular, year-round services of the Red Cross. She urges that men and women of the community who have given of their time soliciting funds during five or more campaigns will advise her of the fact so that their names may be included among those honored at the tea.

Albany Democratic Club Meets May 16

The Albany Democratic Club will meet Monday, May 16, at the Cornell School at 8 p.m. Subject for discussion: "Why do California voters vote as they do?" Speaker: Prof. L. Grant McConnell, Political Science Department, University of California. Prof. McConnell's recent article in the "Nation" entitled, "The Contingency of California. Why does it vote G.O.P.?" throws new and interesting light on this timely subject. There will be a question and answer period following Prof. McConnell's 20 minute presentation. "This is an open meeting and all citizens are most cordially invited. Come and give your answers and ask your questions. No obligation. Refreshments will be served at the close of the meeting.

New Telephone Book Ready for Delivery May 16

The book that everybody reads is on its way to Albany. Delivery of the new Oakland telephone book will begin on Monday, May 16, and end six days later, said Ben Maddocks, Pacific Telephone manager here. He points out that while everybody reads the book, very few people notice what's on every page. This year's telephone book has a picture of the University of California's Campanile on the cover.

The Department of Motor Vehicles in 1954 investigated 182,081 "irresponsible driver" cases.

Your Wedding Invitations

Our Wedding Invitations and Announcements reflect the joy of this most happy and important event. Invitations you will be proud to send; they have that certain touch that spells refinement and good taste.

Bride's Booklet...
Included with each order is a copy of Virginia Courtenay's Bride Booklet "Now that you are to be Married!" It contains a wealth of information about formal and informal weddings, - the rehearsal, the bride's bouquet, the bridesmaids, reception, acknowledgement of gifts and all the many social customs before and after the wedding.

A copy is included with each order of genuine Art Point Invitations or Announcements.

Very prompt deliveries...
But order as early as possible so that you will have plenty of time for the addressing and mailing.

Let our Society Editor have all the information about your plans.
